ELECTION RESPONSE

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

SIR:

In response to the election requirement dated September 25, 2007, Applicants elect species A for prosecution in the application. Claims 1-12 correspond to the claimed species.

This election is being made with traverse. The present application is the national stage of PCT application PCT/JP 04/08680, filed on June 15, 2004. In the case of such a national stage of a PCT application, the PCT rules regarding unity of invention are controlling. See MPEP §1850 ("therefore...during the national stage as a designated or a elected office under 35 U.S.C. §371, PCT rule 13.1 and 13.2 will be followed when considering unity of invention of claims of different categories without regard to the practice in national applications filed under 35 U.S.C. §111").

The Examiner's attention is respectfully directed to the patentability opinion for the PCT application for which the present application is the national stage (copy attached). As can be seen, Box "IV" indicating lack of unity of invention has not been checked. Thus there

Application No. 10/559,709
